Version Control/Git	<div><div></div><div></div><div></div><div></div><div></div></div>
Proficiency in Multiple Programming Languages	<div><div></div><div></div><div></div><div></div><div></div></div>

## Work History

**2024-05 - Current**

**Freelance Web Developer & Designer**

*Independent Contractor, Lebanon (Remote)*

- Website Development:** Designed and developed 10+ websites using WordPress, ensuring responsive design across devices and improving user experience for over 5,000 visitors monthly.
- UI/UX Design:** Created intuitive user interfaces in Figma for websites and apps, increasing user engagement by 25% and improving usability ratings by 30%.
- Software Development Approaches:** Contributed to planning and implementing Agile software development methodologies, reducing project turnaround time by 15% and enhancing scalability for long-term growth.
- Debugging and Maintenance:** Identified and resolved 100+ website issues, resulting in a 40% improvement in site functionality and a significant boost in user satisfaction and retention rates.

**2023-01 - 2023-05**

**Full Stack Software Engineer**

*VestaCare, Lebanon*

- Dashboard Development:** Collaborated with a team of 5 developers to build a dashboard website using Angular and Java, increasing system performance by 30% and enhancing user engagement by 20% through optimized code and user-friendly features.
- UI/UX Design:** Created user interface designs in Figma for a dashboard serving over 100 users, ensuring a seamless user experience and meeting 100% of client project

requirements.

- **Version Control:** Utilized Git for version control, contributing to the management of over 100 code commits, which enabled effective collaboration and smooth integration within the development team.
- **Testing and Debugging:** Assisted in testing and troubleshooting over 50 application issues, ensuring 99% functionality before deployment by identifying and resolving critical bugs.

## Education

---

2020-10 - Current

### Bachelor of Science: Computer Science

*Lebanese International University - Lebanon*

- Front-End Development
- Back-End Development
- Object-Oriented Programming (OOP)
- Software Engineer

## Certifications

---

2024-03

Full-Stack ReactJS Web Development - Arab International Academy

2022-04

International Computer Drivers License - Level One (ICDL) - Arab International Academy
